PROFILE

Outcome-driven UX Designer with 10 years in creative industries.

Highly experienced in quick illustrations and externalizing concepts to demonstrate design thinking and bring alignment to teams. Adept at facilitating creative brainstorming, identifying insights and co-creating data-informed solutions.

Highly motivated, actively seeking opportunities to learn and deepen my understanding of both internal and external stakeholders.

PROJECTS

Lead FE Developer + UX Designer | Walmart

Austin

Dec 2020

Co-created iterative solutions for Walmart's grocery e-commerce flows resulting in 34% faster discover-ability and 45% faster task completion.

Led team in collaboratively coding final mock-ups with Bootstrap and Github.

UX Designer at SEQRPAY (Pre-launch Startup)

Austin

Oct 2020

Designed a branded conversion-driven website within 2 week design sprint.

Unified team's focus for MVP.

Developed materials that resulted in startup placing in pitching competition.
